The main exhibition floor plan is a large grid of numbered booths. Each booth is represented by a small square or rectangle containing a number (e.g., PK22, PH77, PG73) and the name of the exhibitor. The booths are arranged in a grid pattern, with some larger areas designated for specific zones like 'Pharmacy Services Innovation Theatre', 'Café', 'PE50 Teva Engagement Zone', 'VIP Lounge', 'RPS Career Development Zone', 'Pharmacy Technology Theatre', 'Meet The Buyer Lounge', and 'Primary Care Pharmacy Theatre'. The grid is color-coded with various shades of green and blue. Arrows on the right side indicate 'To/From Trade Days' directions.
